

Experience “The Amazing Digital Circus: The Last Act” in the Immersive 4DX Format at Regal Theatres Beginning June 4

KNOXVILLE, Tenn., May 19, 2026 – Regal and Fathom Entertainment are upping the big top spectacle for the theatrical engagement of *The Amazing Digital Circus: The Last Act* by adding [4DX](#) showtimes to the release schedule for its highly anticipated nationwide premiere beginning June 4. Attendees of these premium format screenings will get to experience what life is like for the six characters trapped inside the circus-themed virtual reality game.

“*The Amazing Digital Circus* has inspired a passionate fandom drawn to its singular mix of surreal comedy, emotional storytelling, and unforgettable characters,” said Brooks LeBoeuf, Senior Vice President of US Content at Regal. “For fans who have been waiting for *The Last Act*, Regal is excited to turn the series finale into a truly immersive theatrical event by presenting it in 4DX.”

The first episode of *The Amazing Digital Circus* appeared on the [Glitch Productions](#) YouTube channel in October 2023 and steadily gained popularity across the world, culminating in a nine-episode story arc. Available for fans to first watch the series finale in theatres, *The Last Act* combines episode eight with the hour-long episode nine, which won’t be released on YouTube until June 19.

The Amazing Digital Circus: The Last Act showtimes in the premium 4DX format offer attendees a multi-sensory cinema experience that connects audiences to the on-screen visuals through motion, vibration, water, wind, scents, and other atmospheric effects. This immersive technology showcases the full potential of big screen theatrical content to draw moviegoers into the action.

Episode 9 Synopsis: With Caine gone and the circus dark, the cast are left with only the mistakes and traumas of their pasts to keep them company. As the prospect of eternity closes in around them, they discover the truth about the Digital Circus and its history. Will they come to terms with what they uncover, or will they make... the other choice? Also, presumably at some point someone says something funny, because this ending can’t be THAT depressing, can it?

Recognizing the overwhelming positive response for the theatrical release, Fathom Entertainment has provided Regal with limited-edition collectible popcorn and drink containers, which are only available at participating theatres, for *Amazing Digital Circus* enthusiasts to purchase and further celebrate this momentous occasion (while supplies last).

Advance tickets for showtimes of *The Amazing Digital Circus: The Last Act* at Regal 4DX locations nationwide are available now at select theatre box offices / kiosks, on the mobile app, and through [REGmovies.com](https://www.REGmovies.com). Since tickets went on sale for *The Amazing Digital Circus: The Last Act*, Fathom Entertainment has reported presales of more than \$7.5 million for the traditional 2D showtimes.
