**KNOXVILLE, Tenn., August 27, 2025** – Among the thousands of films released every year around the world, certain titles achieve a level of appreciation among critics and moviegoers equivalent to a work of fine art. For each of the 30 days of September, Regal will rerelease one of these masterpieces for our guests to enjoy in a movie theatre—the museum-quality space where they deserve to be seen.

“Recognizing the love of movies is generational, Regal wanted to bring favorite films across the many decades of cinema back to our screens,” said Brooks LeBoeuf, Senior Vice President of US Content at Regal. “Moviegoers can usually identify the specific film that formed their love of cinema, and Regal’s Month of Masterpieces program is a curated collection of those titles.”

Neil, Head of Marketing at Regal. “Whether rewatching a favorite film with friends or introducing a beloved movie to younger family members, sharing that experience together in a movie theatre creates amazing memories. To encourage group viewings of the Masterpiece movies, tickets have also been set at a nostalgic reduced price.”
