Other Income	- 1.4%

Steve Wiener, Chief Executive, Cineworld Group plc comments:

"The Group is pleased to report healthy trading in the 17 weeks to 24 April 2008, which is especially encouraging when considering the only blockbuster during the period was I Am Legend, released at the end of 2007. With the forthcoming releases in Q2 of "Iron Man", "Indiana Jones", "Sex In The City" and the "Incredible Hulk", we are confident that revenues will continue to be comfortably ahead of last year for the first half as a whole. At the end of the period our market share was 23.6% (Source: EDI Neilsen).

The Group continues to be highly cash generative and its balance sheet remains strong. During March 2008 we opened a 12 screen cinema in High Wycombe, increasing our estate to 74 cinemas and 770 screens. Later in the year a new five screen cinema is scheduled to open at Haverhill.

We are heartened by the resilience of our business in the light of the current economic and financial climate. There is a strong line up of film releases in the second half of this year including "The Chronicles of Narnia", "Batman", "Hancock", "The Mummy", "Harry Potter", "Mamma Mia", "James Bond:Quantum Of Solace" and "Star Trek". We therefore remain confident of delivering revenue growth for the year as a whole, with the second half performance expected to be weighted significantly more to Q4 than was the case in 2007."
